

Security Regulation SR-2024

SECURITY REGULATION SR-2024

Document ID: SR-2024

Version: 1.2

Owner: Information Security

Effective: 1 June 2024

1. SCOPE

This regulation affects the employee onboarding process, remote access, and production systems at NexusCorp.

2. ACCESS CONTROL

Multi-factor authentication (MFA) is required for all employees before system access is granted. Access reviews must be completed quarterly by system owners.

3. ONBOARDING IMPACT

During onboarding, HR must not provision accounts until MFA enrollment is complete. This regulation affects the leave and remote-work processes defined in Employee Policy documents.
